TOGETHER INFORMATION™

Compact, Intelligent, and Effortlessly Practical

Empowering every workplace with cutting-edge technology that combines powerful performance, intuitive operation, and reliable peace of mind.

Recognising that no two businesses are alike, Toshiba delivers the latest customisable solutions designed to fit your unique requirements. Our innovations simplify complex workflows and streamline information management—boosting efficiency and security to help you achieve more.

The newest Toshiba series embodies our "Together Information" philosophy—a pledge to work hand-in-hand with clients to deliver personalised, cost-effective solutions for printing, document handling, and content management, all while supporting your sustainability goals.

- Fast 33/40 ppm colour multifunction printer.
- Compact all-in-one with copy /print / scan & optional fax capabilities.
- Large 10.1" colour touch screen panel.
- Smart mobile & cloud connectivity that provides easy access to your documents.
- Wide and flexible variety of choices on paper drawers that will suit your demanding needs.
- Small & compact in size that is suitable for department use or counter service use.
- Toshiba's secure hardisk helps safeguard your data integrity.

Customisable user interface streamlines complicated multi-step processes into automated one-touch functions.

A fully-customisable user interface with an open platform enables departments to tailor settings and automate workflow including the integration of third-party solutions resulting in simple operation and improved efficiency. Let Toshiba place productivity and performance at your fingertips.

- Customise and automate workflow specifically around your business processes.
- Boost productivity by reducing manual and paper intensive processes in the office.
- Personalise the user interface by department or individually to deliver the utmost efficiency.
- Cost savings and greater efficiency through improved workflow and productivity.

Simple, Smart and Stylish.

A customisable 10.1" tablet-style touch screen with an embedded web browser is easy to use, and customisable to meet your needs, enhancing the sleek and modern look of the complete series.

Space-Saving Design, Full-Scale Performance

Despite its compact size, the e-STUDIO401AC series delivers powerful, cutting-edge technology and smart innovations that empower workgroups to stay connected, streamline workflows, and operate with greater efficiency.

High Speeds of up to 40 PPM of full colour printing.

Advanced e-BRIDGE Next Technology enables the MFP to drive Toshiba's internally developed solutions or those from a third party with ease.

Dual-Scan Document Feeder holds an amazing 100 originals and boasts an impressive 116 images per minute (IPM) by scanning both sides of the page in a single pass.

e-Suite allows you to track and control copy, fax and scan jobs, and perform secure print release at Toshiba MFP.

Multi-Station Print Enabler allows you to retrieve your print job from a series of networked MFPs - now with support of up to 50 e-BRIDGE devices.

Scan and Fax Preview allows you to receive your scanned documents digitally and also view received faxes prior to sending or printing.

Compact Size Fits In Small Spaces

Perfect fit in organisations looking for device fleet optimisation.

With functionality of an A3 device, e-Studio331AC/401AC can easily integrate into smaller offices and departments that require lighter output, achieving cost and operation efficiencies.
