

T-HUB

Our dedicated and exclusive service and maintenance mobile application for our Toshiba MFPs! Automate your service and toner requests as well as counter readings!

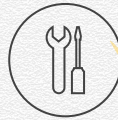

All-in-One Menu

A one-stop navigation bar to get to everywhere you need to go in the app!

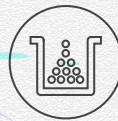

QR Code Accessibility

Simply register your MFP and check its toner levels or counter readings all from a scan of our embedded Service QR Code*!

Service Request

Request service for your Toshiba MFP from the dedicated service tab!

Toner Requisitions

Order your specific toner of choice for your registered MFP with a few taps of your device!

Counter Readings

Obtain and send your Toshiba MFP's counter reading for easy billing!

T-Hub is available across all Android platforms on the Google Play Store!
For any further information, please visit www.toshibatec.com.my.

*Service QR is an embedded application for your Toshiba eBN MFPs! Contact us for a free-of-charge one-time installation today!
